PAGE

No. 1. *NOVEMBER*, 1947

Editorial 1
The Laboratory Diagnosis of Virus Infections of Man : A Review. S. P. BEDSON..... 2
Meningococcal Meningitis with Particular Reference to Epidemiology and Pathogenesis. R. W. FAIRBROTHER 10
Reticulocytes and their Humoral Regulation. ERIK JACOBSEN 19
The Distribution of Leucocytes on the Counting Chamber. MARTYN HYNES..... 25
The Colorimetric Determination of Glucose. E. J. KING and R. J. GARNER 30
Familial Intestinal Polyposis. CUTHBERT E. DUKES 34
Report on Two Species of the Genus Fusiformis obtained from Pathological Lesions in Man. HERTA SCHWABACHER and D. A. MITCHISON..... 39
Diethylene Glycol Poisoning: Report on Two Cases. ERIC WORDLEY 44
Abstracts 47

No. 2. *FEBRUARY*, 1948

Iron Metabolism. MARTYN HYNES 57
The Error of Colour Matching with Haldane's Haemoglobinometer. JOHN L. D'SILVA and E. C. TURTON..... 68
Rapid and Economical Rhesus Testing: A Trial of Chown's Capillary Tube Method. GEORGE DISCOMBE and H. MEYER 73
A Simplified Price-Jones Technique. J. G. HUMBLE and G. BELYAVIN 77
The Inhibition of Acid Phosphatases by Formaldehyde and its Clinical Application for the Determination of Serum Acid Phosphatases. M. A. M. ABUL-FADL and E. J. KING 80
A Quantitative Precipitation Test for Syphilis. I. N. ORPWOOD PRICE 91
Chloral Hydrate Plates for the Inhibition of Swarming of *Proteus*. E. HARPER GILLESPIE .. 99
Reviews 101
Abstracts 102

No. 3. *MAY*, 1948

Normal and Abnormal Blood Coagulation: A Review. R. G. MACFARLANE..... 113
The Determination of Packed Cell Volume from Blood and Plasma Gravities in Indian Soldiers. H. LEHMANN 144
Suppurative Meningitis in the Newborn due to Coliform Bacilli. K. J. RANDALL 150
The Use of Intrathecal Heparin in Conjunction with Streptomycin in the Treatment of Tuberculous Meningitis. CHARLES A. ST. HILL, CLIFFORD RILEY, and J. HAMILTON GIFFORD .. 157
A Standardized Modification of the Laughlen Test for Syphilis. JOHN S. STEVENSON..... 162
Single-Sample Tests in the Differential Diagnosis of Jaundice. C. A. MAWSON..... 167
Technical Methods:
The Estimation of Potassium by a Micro-Method. J. N. CUMINGS 173
The Enumeration of Blood Platelets. H. S. BAAR 175
Modifications of the Weinbach Method for the Determination of Sodium in Serum. F. S. FOWWEATHER and W. N. ANDERSON..... 177
International Society of Hematology 178
Book Reviews 179
Competition for the Design of a Pathological Department 179
Abstracts 180
Obituary 195

PAGE

No. 4. *AUGUST*, 1948

Giant-Cell or Temporal Arteritis: A Review. C. V. HARRISON 197
Temporal Arteritis: A Report of Three Cases. HENRY COHEN and C. V. HARRISON 212
The Gastric Neutral-Red Excretion Test. S. SEVITT and R. P. JEPSON 217
The Feulgen Reaction Applied to Clinical Haematology. C. GARDIKAS and M. C. G. ISRAËLS.. 226
Haemostasis with an Easily Prepared Stable Thrombin Solution. LUDWIG A. STERNBERGER .. 229
Serological Aspects of Weil's Disease. J. C. BROOM 232
Salmonella birkenhead: A New *Salmonella* Type Causing Food-Poisoning in Man. JOAN TAYLOR and S. H. DOUGLAS 237
Penicillin Blood Levels After Injection of Solid and Semi-Fluid Oily Suspensions of Penicillin. J. UNGAR 240
Embolism after Penicillin-Oil-Beeswax. A. W. FRANKLAND 244
Technical Methods:
Another Way of Applying Immersion Oil. J. STEVEN FAULDS 246
An Emergency Bottle for Dried Plasma. WALTER KOCH 247
Estimation of Streptomycin and Penicillin in Blood. W. A. GILLESPIE and V. G. ALDER 248
Book Reviews 250
Obituary 251
Abstracts 253

No. 5. *NOVEMBER*, 1948

The Errors of Some Haematological Methods as They Are Used in a Routine Laboratory. ROSEMARY BIGGS and R. L. MACMILLAN 269
The Error of the Red Cell Count. ROSEMARY BIGGS and R. L. MACMILLAN 288
A Further Case of Anti-Lutheran Immunization, with Some Studies on its Capacity for Human Sensitization. U. R. MAINWARING and M. M. PICKLES 292
Some Observations on Thiouracil Neutropenia, with Special Reference to the Sternal Marrow. E. K. BLACKBURN 295
Congenital Defects following Rubella. IAN MACKENZIE, A. P. PRIOR, and A. HOLZEL 302
Studies on Tetanus Prophylaxis. HANS ERICCSON 306
The Value of Liquoid for Blood Culture. R. D. STUART 311
The Use of the Selective Inhibitory Action of Toluene on Coliform Bacilli in Routine Cultures. K. B. ROGERS and W. HESLOP 315
Technical Methods:
A Machine for Washing Wassermann Tubes. E. A. ATKINSON 318
A Machine to Assist in Rhesus-Grouping. E. A. ATKINSON 319
Obituary 320
Book Reviews 321
